Education

St. Peters School — Bijnor, Uttar Pradesh
Degree in Secondary School Certificate — March 2006 - May 2020
Percentage: 92.8%

Narayana Olympiad School — Bengaluru, Karnataka
Degree in Senior Secondary Certificate — July 2020 - June 2022
Percentage: 81%

Vellore Institute Of Technology — Bhopal, Madhya Pradesh
Computer Science - Bachelor of Technology — October 2023 - May 2027
CGPA: 7.46

Skills

Programming Languages:	HTML, CSS, JavaScript, Java, Python
Libraries/Frameworks:	React.js, Tailwind CSS
Tools / Platforms:	Github, Git, Visual Studio Code, Vercel, AWS, Jupyter Notebook, Vite
Databases:	MySQL

Projects / Open-Source

Spotfiy Music Player | Link — *HTML5, CSS3, JavaScript, DOM Manipulation*

- Built a Spotify-inspired music streaming web application using HTML, CSS, and JavaScript.
- Implemented dynamic audio playback, playlists, search, shuffle/repeat modes, popups, fullscreen player, album navigation and responsive UI components.
- Utilized DOM manipulation, event listeners, and asynchronous JavaScript for real-time user interaction.

Suraksha-AI | Link — *Python, Flask, Scikit-learn, Pandas, NumPy*

- Built a Machine Learning web application to predict city-level crime rates against women in India using NCRB datasets and achieved 0.9040 R score with Ridge Regression.
- Performed data preprocessing, feature engineering, and model evaluation using Ridge Regression, Random Forest, and Gradient Boosting.
- Developed responsive frontend interfaces and implemented real-time prediction with trend analysis functionality.

Grilli Restaurant | Link — *HTML, CSS, JavaScript, DOM Manipulation*

- Developed a responsive fine-dining restaurant website using HTML, CSS, and JavaScript.
- Built interactive features including hero sliders, reservation system, responsive navigation, animations, and parallax effects.
- Implemented form validation, smooth scrolling, dynamic active navigation, and mobile-friendly UI design.

Certifications

- Frontend Developer (React) - **HackerRank**
- Applied Machine Learning in Python - **Coursera**
- Google IT Support Certificate - Google.
- JavaScript Basics - **HackerRank**
- SQL BASICS - **HackerRank**
